TIDBITS:

WANT TO MAKE AN EASY \$100?

Ocean ATM is offering a \$100 referral bonus to anyone who refers a prospective ATM client to us.

Here's how:

Just have your referral tell us your name and business name and if they sign-up for ATM service with us, we will send you \$100.

Why not make some money, while referring your friends and business associates to a company that you know will take care of them?

Please contact us with any questions.

Thank you.

Ocean ATM Introduces Digital Advertising Network

Well, it's official. Digital Advertising Network (DAN) is up and running. In previous issues, I gave you some background information on our Digital Advertising program. About the time that you are reading this we will have 35 locations in New Jersey live, with a plan to have 200 locations by the end of the year.

This is a great opportunity for your stores to generate additional revenue with no risk to you. The way DAN works is we will install a 32" LCD in your store along with a small media player and connect everything to our network. Whatever ad revenues that we receive, we will give the store owner 10% of the gross. It's that simple. We incur all the cost and do all the work to make it very easy

DIGITAL ADVERTISING NETWORK

for you. You don't have to do anything but cash your checks from us each month.

Not only will this bring you additional income, but it will also greatly enhance your store's image. These 32" LCD screens are brand new and will not only display rotating ads in the main portion of the screen, but we also display weather information specific to your location, including radar and satellite imagery and streaming news feeds featuring National and State-specific news currently.

We've been getting a lot of inquiries on how to get involved with this no risk pro-

gram already, so I wanted to let you know how. For your convenience I've enclosed our agreement for your review and a self-addressed stamped envelope to send it back to us. If you're interested in enrolling in this program, just sign the document and mail it back to us. We'll then put you on our deployment schedule and get you started. That's all there is to it. However, I would encourage you to get that agreement back to us as soon as possible because space is limited for this year. The sooner we get your agreement back, the sooner we can get you up and running.

Check Out Our New Website

As some of you may have noticed, our website has recently undergone some major upgrades. We did these for a variety of reasons. One reason was to update it and to make it more user friendly. We also wanted to give our

clients access to our customized reporting tools. Another reason was to provide access to commonly asked questions and provide documentation to help our clients identify any troubles and understand how their ATMs

operate. When you have a moment, please check us out at www.oceanatm.com.
